

A warm welcome to our first annual stallion Roll of Honour, and the opportunity to participate in the next chapter of horse-racing history.

The nature of the Bloodstock Industry is that each and every year brings fresh challenges, as well as new achievements and opportunities. 2018 has been no different.

An ongoing lack of proper marketing by the Industry's operators has led to declining attendance at racecourses, resulting in fewer industry participants, horse-owners, and the subsequent knock-on effect to breeders, with fewer buyers of their product. As we sit here in June, it appears that this situation is unlikely to change in the near future, hence the necessity for breeders to focus on quality and value for money when making breeding decisions.

We readily acknowledge that, at Heversham we do things differently, but this different approach is a measured combination of the vital elements of horsemanship, marketing, technology, business methodology, and plain common sense. The most important aspect is, however, our absolute hunger for success and our unashamed desire to be champion breeders. In order to achieve this goal, the farm utilizes the best genetics, feed, supplements, technology and staff we can acquire. As the new-kids-on-the-block, we have no laurels to rest upon and we will hopefully provide a breath of fresh air into the breeding industry; which will benefit not only ourselves but also all of our clients.

Whether boarding year-round or seasonally, HEVERSHAM offers your horses unparalleled care, offering you peace of mind. Each horse recieves industry-leading veterinary care, individualised nutrition plans, ample turnout on our lush pastures and hands-on care that is second to none.

To us, this is more than a business. We treat your horse like it's our own, and your success is our success. That means open lines of communication are imperative. Owners are updated on their horses' well-being regularly and our staff is always available to discuss questions or updates by phone, text, email or in-person.

Our stallion roster for the forthcoming season is an eclectic mix of horses that appeal to all types of breeders, from owner breeders to commercial breeders, and those who fall in-between.

MOOFEED (AUS) is the fastest group-winning son of the best racehorse ever imported to this country, Duke of Marmalade. **GREAT BRITAIN (GB)** is already a Gr 1 producing sire, who we stand on behalf of his syndicate of owners, and the sensational **WINGS OF DESIRE (GB)**, who not only started second favourite for the Epsom Derby after his win in the Gr 2 Dante stakes, but also placed second to international superstar, Highland Reel, in the Gr 1 King George and Queen Elizabeth stakes at Ascot.

We are justifiably proud of our stallion offering, together with the various incentives and support packages we offer to clients utilizing our stallions. These include transport subsidies, reasonable boarding charges and the + 30 bonus, which is unique, in that the mare owner receives a cash bonus payment of R30 000, and not the purchaser of the progeny.

Feel free to contact us and let us know how we can assist you.

Regards!

Nigel

GREAT BRITAIN (GB),

In England and UAE, 2 wins at 3 to 5, 1200-1400m **Timeform 118** At 3 4th Dubai Duty Free Cup-(L) (1400m) At 4 3rd Wentworth S.-(L) (1200m) 4th **Gr3** Bentinck S. (1200m) At 5 **WON** Al Quoz Sprint (1200mT)
